

Envision a Bicycle Friendly Elkton

# Elkton Bicycle Plan

YOU ARE INVITED TO ATTEND A PUBLIC WORKSHOP

Wednesday, December 1, between 4 - 7 p.m.

Elkton Town Hall, 1<sup>st</sup> floor

100 Railroad Avenue, Elkton, Maryland

The *Elkton Bicycle Plan* seeks to improve quality of life for residents and visitors by expanding the transportation system to include safe and convenient choices for bicycle commuting and recreation. A proposed bicycle network will connect cyclists to the downtown, residential areas and other key destinations.

Community input is needed on the draft short- and long-term recommendations for the Town. Visit anytime between 4 and 7pm, to discuss the plan's goals, the proposed bicycle network, and improvements such as bike parking, signage, safety education, and other key components. This is the plan's final public workshop before it is presented to the Town Mayor and Commissioners for adoption.

## UNABLE TO ATTEND?

- Attend our virtual public workshop online at [www.wilmapco.org/BikeElkton](http://www.wilmapco.org/BikeElkton) during the month of December
- Visit the plan's webpage for more information and to submit your comments
- Call WILMAPCO to arrange a presentation to your organization or civic association
